FINANCIAL REPORT FOR THE YEAR ENDED 30 JUNE 2015

RED HILL IRON LIMITED

DIRECTORS' REPORT FOR THE YEAR ENDED 30 JUNE 2015

Red Hill Iron Limited ("the Company" or "Red Hill Iron") is an Australian company listed on the Australian Securities Exchange. The registered and corporate office of the Company is located at Level 2, 9 Havelock Street, West Perth, Western Australia.

The directors of the Company present their report on the Company for the year ended 30 June 2015.

DIRECTORS

The following persons were directors of the Company during the whole of the financial year and up to the date of this report:

Neil Tomkinson
Garry Strong
Joshua Pitt

Mark Okeby was appointed a director on 12 August 2015 and continues in office at the date of this report.

PRINCIPAL ACTIVITIES

The principal activity of the Company during the financial year consisted of iron ore exploration. There has been no significant change in the Company's activity during the financial year.

DIVIDENDS

No dividends were paid during the year and the directors do not recommend the payment of a dividend.

REVIEW OF OPERATIONS AND LIKELY DEVELOPMENTS

Activities of the Red Hill Iron Ore Joint Venture (RHIOJV) were stepped up during the 2015 financial year. API Management Pty Ltd (API), the manager of the RHIOJV, was active updating the 2010 West Pilbara Iron Ore Project (WPIOP) Feasibility Study, of which the RHIOJV iron ore resources are an integral component. It is anticipated that the Study will be well advanced by November with an initial tariff rate for the planned rail and port charges to be provided by Aurizon Holdings Limited at +/-15% accuracy. This step is designed to enable the WPIOP participants to determine whether or not to proceed with a Final Feasibility Study. Should the WPIOP participants agree to proceed with a Final Feasibility Study, this could be completed by mid-year 2016 with a more accurate rail and port tariff rate defined at +/-10%.

During the year, further drilling and studies led to an expansion of RHIOJV ore resources which were augmented as a result of the Ken's Bore East Settlement discussed below. The RHIOJV Mineral Resource Estimate now stands at 813 million tonnes grading 56.5% iron at a 52% iron cut off.

The Company has put on hold activities related to evaluating the Pannawonica Project pending stabilization of the iron ore markets and prices, which it does not expect in the current financial year. The project also requires a third party transport infrastructure solution which is not at present available.

Commercial

In May of this year Red Hill Iron and API concluded the Ken's Bore East Settlement. The Ken's Bore East deposit is a direct extension of the Ken's Bore deposit and its agreed inclusion within the RHIOJV Project Area has significantly enhanced the RHI project interest. This is despite the fact that the Settlement included RHI's ultimate participating interest in the RHIOJV being reduced from 20% to 19% should the Company make the election to retain a participating interest at the commencement of production. It should be noted that the Settlement has not affected the royalty rate should RHI elect to revert to a royalty interest at the commencement of production. In that circumstance, RHI will then receive a 2% gross royalty on the entire production from the expanded RHIOJV resources.

SIGNIFICANT CHANGES IN THE STATE OF AFFAIRS

Other than the operating results there were no significant changes in the state of affairs of the Company during the financial year.

**DIRECTORS' REPORT
FOR THE YEAR ENDED 30 JUNE 2015**

MATTERS SUBSEQUENT TO THE END OF THE FINANCIAL YEAR

In August 2015 the Company entered into agreements with companies associated with directors Mr Tomkinson and Mr Pitt whereby those companies made available loan facilities totalling \$500,000 to the Company. These facilities are to enable the Company to meet its ongoing working capital requirements. As at the date of this report, no part of these facilities has been drawn down.

To the best of the directors' knowledge and belief, there were no other material items, transactions or events, other than the matter noted above, subsequent to the end of the financial year which, although they do not relate to conditions existing at that date, have not been dealt with in these financial statements and which would cause reliance on the information shown in this report to be misleading.

ENVIRONMENTAL REGULATIONS

The mineral tenements granted to the Company pursuant to the Mining Act (1978) (WA) are granted subject to various conditions which include standard environmental requirements. The Company adheres to these conditions and the directors are not aware of any environmental laws that are not being complied with. The Directors have considered compliance with the National Greenhouse and Energy Reporting Act 2007 which requires entities to report annual greenhouse gas emissions and energy use. For the period 1 July 2014 to 30 June 2015 the directors have assessed that there are no current reporting requirements, but that the Company may be required to report in the future.

INFORMATION RELATING TO THE DIRECTORS

Executive Chairman

Neil Tomkinson, LLB Hons

Mr Tomkinson, who has been Chairman of the Company since April 2008, was appointed Executive Chairman on 31 August 2011. Mr Tomkinson has extensive experience over the last thirty five years in the administration of and investment in exploration and mining companies and is an investor in private mineral exploration and in resources in general in Australia. He is a non-executive director of Hampton Hill Mining NL (appointed January 1997) and the non-executive chairman of Traka Resources Limited (appointed September 2003). He was non-executive chairman of Pan Pacific Petroleum NL until his resignation as a director in August 2014 (appointed a director in 2006 and chairman in December 2008).

Executive Director

Garry Strong

Mr Strong is a prospector with over forty years' experience in gold and base metal reconnaissance exploration in Australia. He has spent the last twenty years working in the Pilbara region of Western Australia for the private exploration syndicate which originally acquired the core tenements purchased by Red Hill Iron.

Non-executive Directors

Joshua Pitt BSc, MAusIMM, MAIG

Mr Pitt is a geologist with extensive exploration experience who has, for more than thirty five years, been a director of exploration and mining companies in Australia. Mr Pitt is involved in private mineral exploration and also in substantial resource investments. He is the executive chairman of Hampton Hill Mining NL (appointed a director in January 1997 and chairman in April 2012), and a non-executive director of Traka Resources Limited (appointed July 2003) and Red Metal Limited (appointed July 2003). Mr Pitt was a non-executive director of Pan Pacific Petroleum NL until his resignation in August 2014 (appointed December 2008).

Mark Okeby, LLM

Mr Okeby has considerable experience in the resources industry as a lawyer and as a director of listed companies. He holds a Master of Laws (LLM) and was appointed a non-executive director on 12 August 2015. Mr Okeby is also a non-executive director of Regis Resources Ltd (appointed 29 July 2009).

INFORMATION RELATING TO THE COMPANY SECRETARY

Peter Rutledge BSc, CA, FFin

Mr Rutledge is a Chartered Accountant and a Fellow of The Financial Services Institute of Australia and has over thirty years' experience as company secretary of a number of listed mining and exploration companies.

AUDITED REMUNERATION REPORT

The information provided in this remuneration report has been audited as required by section 308(3c) of the Corporations Act 2001.

(a) Principles used to determine the nature and amount of remuneration

The objective of the Company's remuneration policy for directors and other key management personnel is to ensure that:

- remuneration packages properly reflect the duties and responsibilities of the persons concerned, and
- remuneration is competitive in attracting, retaining and motivating people of the highest quality.

The remuneration framework has regard to shareholders' interests by:

- focusing on sustained growth in share price, as well as focusing the executives on key non-financial drivers of value, and
- attracting and retaining high calibre executives.

The remuneration framework has regard to executives' interests by:

- rewarding capability and experience,
- providing a clear structure for earning rewards, and
- providing recognition for contribution.

The remuneration policy is not linked to the Company's performance and is linked to shareholder wealth only in so far as options over the Company's shares are included in remuneration.

Remuneration is reviewed by the board on an annual basis having regard to performance and market competitiveness. The remuneration of executive personnel, other than the Chairman, is determined by the non-executive directors and the Chairman and comprises a base salary or fee based on the services provided and market rates of remuneration. The remuneration of the executive chairman is determined by the remainder of the board. All remuneration paid to key management personnel is valued at cost to the Company and expensed.

**DIRECTORS' REPORT
FOR THE YEAR ENDED 30 JUNE 2015**

AUDITED REMUNERATION REPORT (continued)

Non-executive directors

Fees paid to the non-executive directors for services as directors are determined by the board (within the overall limit set by shareholders) based on their level of responsibility and with reference to the general level of fees paid by companies of similar size and operations.

The Company operates with a small staff and a non-executive director can be called upon to undertake work for the Company in addition to his/her services as a director. Where this occurs the director may be remunerated for those additional services at market rates. Non-executive directors may be paid all travelling and other expenses properly incurred by them in the business of the Company.

Executives

The remuneration of the executive chairman, Mr N Tomkinson, is the basic fee, including superannuation, paid to a non-executive director. The remainder of the board reviews the terms of the executive chairman's remuneration on an annual basis. The remuneration of the executive director, Mr G Strong, consists of the basic fee paid to a non-executive director plus a set monthly amount to compensate him for his executive services. It is paid in the form of director fees and related superannuation plus a fee for the executive services. The remainder of the board reviews the terms of the executive director's remuneration annually.

Company Performance

It is not possible at this time to evaluate the Company's financial performance using generally accepted measures such as profitability and total shareholder return as the Company is an exploration company with no significant revenue stream. This assessment will be developed if and when the Company moves from explorer to producer.

The table below shows the gross revenue, losses and loss per share for the last five years for the Company:

		2015	2014	2013	2012	2011
Revenue and other	(\$000)	344	290	80	153	246
Net Loss	(\$000)	560	1,973	3,596	1,043	1,231
Loss per share	(cents)	1.13	4.0	7.9	2.4	2.8
Share price at year end	(\$)	0.80	1.65	0.80	1.90	2.18

No dividends have been declared during these periods.

(b) Details of remuneration

The key management personnel of the Company are the directors.

The remuneration of key management personnel for the financial year is summarised below:

	Year	Short-term benefits Salary & fees \$	Post-employment benefits Superannuation \$	Total \$	Performance related %
Executive Directors					
N Tomkinson (Chairman)	2015	27,375	-	27,375	-
	2014	27,313	-	27,313	-
G R Strong	2015	98,000	27,375	125,375	-
	2014	123,000	27,313	150,313	-
Non-executive Directors					
J N Pitt	2015	25,000	2,375	27,375	-
	2014	25,000	2,313	27,313	-

FOR THE YEAR ENDED 30 JUNE 2015**

AUDITED REMUNERATION REPORT (continued)

(c) Service agreements

Directors

Shareholders of the Company have approved the maximum fees payable in aggregate to the directors of the Company for their services as directors be set at \$200,000 per annum. Each director of the Company is currently entitled to receive an annual fee of \$25,000 plus statutory superannuation for their services as directors.

Executive director

Commencing 1 January 2013, Mr Strong was requested by the other members of the board to take on an executive role overseeing the company's ongoing exploration and evaluation of its Pannawonica CID project as well as undertaking other exploration and RHIOJV related activities. It was agreed that Mr Strong be paid \$7,500 per month plus a field allowance of \$500 per day when attending the project site. No fixed terms or notice period applies and there is no provision for termination benefits.

Executive chairman

There is no separate service agreement for the Chairman on his appointment as Executive Chairman. No fixed term or notice period applies and there is no provision for termination benefits.

(d) Share-based compensation

No options have been issued to, or exercised by, directors or any other key management personnel during the year ended 30 June 2015. No options are held by key management personnel and currently the board does not anticipate that any share-based compensation will be issued to directors.

(e) Equity held by key management personnel

The number of ordinary fully paid shares in the Company held directly and indirectly by the directors and other key management personnel, and any movements in these holdings over the year, is set out below:

	<hr/>		
	14,486,572	361,131	14,847,703

Mr D M Okeby was appointed a non-executive director after the end of the financial year.

Net changes relate to shares acquired or sold during the financial year.

There were no shares granted as compensation to key management personnel during the reporting period.

There were no shares granted on the exercise of options to key management personnel during the reporting period.

None of the shares are held nominally.

Mr Tomkinson's and Mr Pitt's relevant interest in the shares of the company at 30 June 2015 is their combined holdings of 13,560,765 shares.

(f) Additional information

Voting and comments at the Company's 2014 Annual General Meeting

The Company received a majority of votes in favour of its remuneration report for the 2014 financial year. The Company did not receive any specific comments on its remuneration practices at the AGM or throughout that year.

The Company has not engaged remuneration consultants to make a remuneration recommendation in respect of any of the key management personnel.

RED HILL IRON LIMITED

DIRECTORS' REPORT FOR THE YEAR ENDED 30 JUNE 2015

AUDITED REMUNERATION REPORT (continued)

Transactions with key management personnel

None of the directors of the Company are eligible to participate in the Company's employee share scheme.

The Company has not made any loans to key management personnel during the year.

During the financial year the Company paid \$87,211 (2014: \$92,815) to Hampton Hill Mining NL, a listed company of which Mr Tomkinson and Mr Pitt are directors and shareholders, for rental of office space and administration services. This agreement is at arms-length and on normal commercial terms and conditions.

During the financial year the Company received \$290 (2014: nil) from Traka Resources Ltd, a listed company of which Mr Tomkinson and Mr Pitt are directors and shareholders, for recharged expenses paid by the Company on normal commercial terms and conditions.

The audited remuneration report ends here.

INSURANCE OF OFFICERS

During the financial year the Company paid an amount to insure all current directors and officers of the Company against certain liabilities which may be incurred by them whilst acting in their capacity as directors and officers of the Company other than conduct including a wilful breach of duty to the Company. In accordance with commercial practice the policy prohibits disclosure of the terms of the policy including the limit of liability and the amount of premium paid.

PROCEEDINGS ON BEHALF OF THE COMPANY

No person has applied to any court pursuant to section 237 of the Corporations Act 2001 for leave to bring proceedings on behalf of the Company or intervene in any proceedings to which the Company is a party for a purpose of taking responsibility on behalf of the Company for all or any part of those proceedings. The Company was not party to any such proceedings during the year.

AUDIT COMMITTEE

The Company is not of a size nor are its financial affairs of such complexity to justify a separate audit committee of the board of directors. All matters that might properly be dealt with by such a committee are the subject of scrutiny at full board meetings.

NON-AUDIT SERVICES

BDO Audit (WA) Pty Ltd ("BDO"), the company's auditor, did not perform any non-audit services for the Company for the year ended 30 June 2015.

AUDITOR'S INDEPENDENCE DECLARATION

A copy of the auditor's independence declaration as required by Section 307C of the Corporations Act 2001 is included in this Annual Report. BDO continues in office in accordance with section 327 of the Corporations Act 2001.

Signed in Perth in accordance with a resolution of directors on 3 September 2015.

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 30 JUNE 2015**
NOTE 1 SEGMENT INFORMATION

Management has determined that the Company has one reportable segment, being mineral exploration within Australia. Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker. The chief operating decision maker, who is responsible for allocating resources and assessing performance of the operating segments, has been identified as the members of the board of Directors.

The Board of Directors monitors the company based on actual versus budgeted exploration expenditure. This reporting framework is the most relevant to assist the board with making decisions regarding its ongoing exploration activities.

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 30 JUNE 2015**
NOTE 4 INCOME TAX (continued)

Deferred tax is accounted for using the liability method in respect of temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements. No deferred tax will be recognised from the initial recognition of an asset or liability, excluding a business combination, where there is no effect on accounting or taxable comprehensive income.

Deferred tax is calculated at the tax rates that are expected to apply to the period when the asset is realised or liability is settled. Deferred tax is credited in the statement of comprehensive income except where it relates to items that may be credited directly to equity or comprehensive income, in which case the deferred tax is adjusted directly against equity.

Deferred tax assets are recognised to the extent that it is probable that future tax profits will be available against which deductible temporary differences can be utilised.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority. Current tax assets and tax liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

The amount of benefits brought to account, or which may be realised in the future, is based on the assumption that no adverse change will occur in income taxation legislation and the anticipation that the economic entity will derive sufficient future assessable income to enable the benefit to be realised and comply with the conditions of deductibility imposed by the law.

NOTE 5 LOSS PER SHARE

	cents	cents
Basic and diluted loss per share	1.1	4.0
Reconciliation of loss	\$	\$
The loss used in calculating basic and diluted loss per share is equal to the loss attributable to ordinary equity holders of the Company in the Statement of Profit or Loss and Other Comprehensive Income	(560,146)	(1,973,042)
	No. of shares	No. of shares
Weighted average number of ordinary shares outstanding during the year used in the calculation of basic and diluted loss per share	49,405,037	49,405,037

The weighted average number of ordinary shares used in calculating basic and diluted loss per share is derived from the fully paid ordinary shares on issue. Basic loss per share is determined by dividing the operating loss after income tax by the weighted average number of ordinary shares outstanding during the financial year.

Diluted loss per share adjusts the figures used in the determination of basic loss per share to take into account the after income tax effect of interest and other financing costs associated with dilutive potential ordinary shares and the weighted average number of shares assumed to have been issued for no consideration in relation to dilutive potential ordinary shares. The diluted loss per share is the same as the basic loss per share on account of the Company's potential ordinary shares (in the form of options) not being dilutive because their conversion to ordinary shares would not increase the loss per share.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2015

NOTE 6 CASH AND CASH EQUIVALENTS (continued)

Cash includes deposits at call, short term deposits and bills of exchange which are readily convertible to cash on hand and which are used in the cash management function on a day-to-day basis, net of outstanding bank overdrafts.

Information about the Company's exposure to interest rate risk and credit risk is disclosed in Note 21.

NOTE 7 TRADE AND OTHER RECEIVABLES

Interest receivable comprises pro-rata interest receivable at balance date in respect of deposits at call that are expected to be repaid within 45 days.

Other receivables in the prior year relate primarily to amounts recoverable from the Australian Taxation Office in respect of Research and Development incentives.

Due to their short term nature, the carrying value of trade and other receivables is equal to their fair value. No trade and other receivables are considered impaired or past due.

Information about the company's exposure to interest rate risk and sensitivity analysis for financial assets and liabilities is disclosed in Note 21.

NOTE 8 EXPLORATION ASSETS

Carrying amount	<hr/>	<hr/>
	10,008,025	10,008,025

The carrying amount represents the initial acquisition cost of the Company's wholly owned Pannawonica Iron Ore Project. Exploration and evaluation expenditure is recorded at historical cost on an area of interest basis. Expenditure on acquisition of an area of interest is carried forward where rights to tenure of the area of interest are current and it is expected to be recouped through successful development and exploitation of the area of interest or alternatively by its sale, or exploration and evaluation activities are continuing in an area of interest but at balance date have not yet reached a stage which permits a reasonable assessment of the existence or otherwise of economically recoverable reserves. Exploration and evaluation expenditure incurred by the Company subsequent to acquisition is expensed as incurred. Once a decision to proceed to development has been taken, all further expenditure incurred relating to the area will be capitalised. Projects are advanced to development status when it is expected that further expenditure can be recouped through sale or successful development and exploitation of the area of interest.

At each reporting date the Company assesses for impairment expenditure on acquisition of each area of interest that is to be carried forward to ensure that the carrying amount of the exploration and evaluation expenditure does not exceed its recoverable amount. Any resulting provision for impairment is recognised as a charge to the profit or loss.

Recognition and measurement

Plant and equipment items are measured on the cost basis less accumulated depreciation and impairment losses. Cost includes expenditure that is directly attributable to the acquisition of the items. The carrying amount of plant and equipment is reviewed annually by directors to ensure it is not in excess of the recoverable amount from these assets.

Subsequent costs are included in the assets' carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the group and the cost of the item can be measured reliably. All other repairs and maintenance are charged to the profit or loss during the financial period in which they are incurred.

Depreciation

The depreciable amount of all fixed assets is depreciated on a straight line basis over their useful lives to the company commencing from the time the asset is held ready for use.

The depreciation rates used for field equipment is 5% to 15% straight line.

The assets' residual values and useful lives are reviewed, and adjusted if appropriate, at each balance date.

Gains and losses on disposals are determined by comparing proceeds with the carrying amount. These gains and losses are included in the Statement of Profit or Loss and Other Comprehensive Income.

NOTE 10 TRADE AND OTHER PAYABLES

Employee entitlements	5,310	9,664
	<hr/>	<hr/>
	120,550	295,846

These amounts represent liabilities for goods and services provided to the Company prior to the end of the financial year and which are unpaid. The amounts are unsecured and are usually paid within 30 days or recognition. Non-derivative financial liabilities are recognised initially at fair value and subsequently at amortised cost, comprising original debts less principal payments and amortisation. Due to the short term nature of these payables, their carrying value is assumed to approximate their fair value.

Information about the Company's exposure to liquidity risk is disclosed in Note 21.

Ordinary shares are classified as equity. Incremental costs directly attributed to the issue of new shares or options are shown in equity as a deduction, net of tax, from the proceeds. Incremental costs directly attributed to the issue of new shares or options for the acquisition of a business are not included in the cost of the acquisition as part of the purchase consideration.

The Company's capital risk management policy is set out in Note 21.

**NOTES TO THE FINANCIAL STATEMENTS

NOTE 11 ISSUED CAPITAL (continued)
(b) Rights attaching to ordinary shares

The ordinary shares have no par value. Ordinary shares entitle the holder to participate in dividends and in the proceeds on winding up of the Company in proportion to the number of and amounts paid on the shares held. On a show of hands every holder of ordinary fully paid shares present at a meeting, in person or by proxy, is entitled to one vote and upon a poll each share is entitled to one vote. The ordinary fully paid shares are listed on the ASX and carry no trade restrictions.

The weighted average remaining contractual life of options outstanding at the end of the year was 9 months.

The Company has established an Employee Share Option Plan, the details of which are set out in the Company's initial public offering prospectus in December 2005. The Company from time to time grants options to acquire ordinary fully paid shares in the Company to management personnel and other staff on terms set out in the plan. The granting of options is at the Directors' discretion and is designed to provide an incentive component in the remuneration package of personnel. Options granted carry no dividend or voting rights. Each option is exercisable into a fully paid ordinary share of the Company. The exercise price of the options is set at the time of grant with reference to the weighted average price at which the Company's shares have been trading on the ASX prior to the decision to grant.

The fair value of options granted to employees is recognised as an employee benefit expense with a corresponding increase in equity. The fair value is measured at grant date and recognised over the period during which the employees become unconditionally entitled to the options. The fair value at grant date is independently determined using an option pricing model that takes into account the price, the term, the vesting and performance criteria, the impact of dilution, the non-tradeable nature of the unlisted options, the share price at grant date and expected price volatility of the underlying share, the expected dividend yield and the risk-free interest rate for the term.

Contingent Liabilities

There are no contingent liabilities for termination benefits under service agreements with directors or executives at 30 June 2015.

The directors are not aware of any other contingent liabilities at 30 June 2015 other than as noted in Note 17.

NOTE 15 COMMITMENTS

Mineral Tenements

In order to maintain the mineral tenements in which the Company and other parties are involved, the Company is committed to fulfil the minimum annual expenditure conditions under which the tenements are granted. The minimum estimated expenditure in accordance with the requirements of the Western Australian Department of Mines and Petroleum for the next financial year in respect of most of the Company's mineral tenements is expected to be paid by the party farming in to the iron ore rights on the Company's tenements in accordance with a farm in agreement.

The Company expects to have some commitments for minimum expenditure requirements and maintenance expenditure in respect of tenements not part of the iron ore joint venture, as set out below. These commitments are expected to be fulfilled in the normal course of operations and may be varied from time to time subject to approval by the grantor of titles. Exploration expenditure commitments beyond twelve months cannot be reliably determined.

NOTE 16 RELATED PARTY TRANSACTIONS

(a) Key management personnel

Directors of the Company during the financial year were:

Further details regarding the key management personnel remuneration are provided in the Audited Remuneration Report contained in the Directors' Report accompanying these financial statements.

(c) Other transactions with director-related entities

During the financial year the Company paid \$87,211 (2014: \$92,815) to Hampton Hill Mining NL, a listed company of which Mr Tomkinson and Mr Pitt are directors and shareholders, for rental of office space and administration services. This agreement is at arms-length and on normal commercial terms and conditions.

During the financial year the Company received \$290 (2014: nil) from Traka Resources Ltd, a listed company of which Mr Tomkinson and Mr Pitt are directors and shareholders, for recharged expenses paid by the Company on normal commercial terms and conditions.

NOTE 17 MINERAL EXPLORATION AGREEMENTS

The Company has an interest in the following pre-existing mineral exploration agreement as at 30 June 2015:

Name of project	Interest	Activities	Other Parties
West Pilbara – Red Hill Iron Ore	40%	Iron ore exploration	API Management Pty Ltd ("API") (60% earning 80%)

In order for API to earn an increase in its interest in the Red Hill Iron Ore Joint Venture ("RHIOJV") from 60% to 80%, API is required to fund, on a 100% basis, all exploration and development expenditures relating to the RHIOJV project up to the point when first delivery of ore to customers takes place.

At any time up to and including the first delivery of ore, Red Hill Iron can elect to:-

- (a) maintain a 19% participating interest in the project by agreeing to repay the 19% of funds expended on its behalf by API out of 80% of the Company's share of the RHIOJV project's free cash flow during mining operations; or
- (b) revert to a 2% FOB royalty, which election will trigger the automatic cancellation of all liability in relation to exploration and development expenditures incurred by API on the Company's behalf.

Red Hill Iron may also repay funds expended on its behalf by API at any time by way of a lump sum payment.

API has advised that the total expenditure funded on behalf of the Company by API to 30 June 2015, including interest thereon, amounted to \$21,450,326.

The Company's mineral exploration agreements with third parties do not constitute separate legal entities. They are contractual agreements between the participants for the sharing of costs and output and do not in themselves generate revenue and profit. The agreements are of the type where initially one party contributes tenements with the other party earning a specified percentage by funding exploration activities; thereafter the parties often share exploration and development costs in proportion to their ownership of joint venture assets. The parties to the agreement do not hold any assets other than their title to the mineral tenements and accordingly the company's share of exploration expenditure is accounted for in accordance with the policy set out in Note 8.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2015

NOTE 18 EVENTS OCCURRING AFTER BALANCE DATE

In August 2015 the Company entered into agreements with companies associated with directors Mr Tomkinson and Mr Pitt whereby those companies made available loan facilities totalling \$500,000 to the Company. These facilities are to enable the Company to meet its ongoing working capital requirements. As at the date of this report, no part of these facilities has been drawn down.

To the best of the directors' knowledge and belief, there were no other material items, transactions or events, other than the matter noted above, subsequent to the end of the financial year which, although they do not relate to conditions existing at that date, have not been dealt with in these financial statements and which would cause reliance on the information shown in this report to be misleading.

NOTE 20 CRITICAL ACCOUNTING ESTIMATES AND JUDGEMENTS

The directors evaluate estimates and judgements incorporated into the financial statements based on historical knowledge and best available current information. Estimates assume a reasonable expectation of future events and are based on current trends and economic data, obtained both externally and within the Company.

i) Key estimates - impairment

The Company assesses impairment at each reporting date by evaluating conditions specific to the Company that may lead to impairment of exploration and evaluation assets, and plant and equipment. Where an impairment trigger exists under the relevant standard, the recoverable amount of the asset is determined. The recoverable amount of the asset is the higher of its value in use and its fair value less costs to sell. Value-in-use calculations performed in assessing recoverable amounts incorporate a number of key estimates and fair value less cost to sell is determined using market rates.

ii) Capitalisation of exploration and evaluation expenditure

Included as part of the Exploration Assets in the Statement of Financial Position is an amount of \$9,905,915 relating to the Company's interest in the Pannawonica project. This amount has been carried forward on the basis that the Directors consider there to be no facts or circumstances suggesting that the carrying amount of the exploration and evaluation assets may exceed its recoverable amount.

NOTE 21 FINANCIAL RISK MANAGEMENT

The Company, in its normal course of business, is exposed to financial risks comprising market risk (essentially interest rate risk), credit risk and liquidity risk.

The directors have overall responsibility for the Company's management of these risks and seek to minimise these risks through ongoing monitoring and review of the adequacy of the risk management framework in relation to the risks encountered by the Company.

(a) Liquidity risk

The Company has no significant exposure to liquidity risk as the Company's only debt is that associated with trade creditors in respect of which the Company's policy is to ensure payment within 30 days. The Company manages its liquidity by monitoring forecast cash flows.

(b) Credit risk

The Company does not have any significant exposure to credit risk. The minimal exposure to credit risk that could arise is from having its cash assets all deposited at one bank. Whilst the risk of the bank failing is considered minimal, the Company manages this exposure by ensuring its funds are deposited only with a major bank with high security ratings, currently AA-.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2015

NOTE 21 FINANCIAL RISK MANAGEMENT (continued)

(c) Market risk

Interest rate risk

The Company's market risk exposure is to the Australian money market interest rates in respect of its cash assets. The risk is managed by monitoring the interest rate yield curve out to 120 days to ensure a balance is maintained between the liquidity of its cash assets and interest rate return.

Bank deposits at call, amounting to \$400,000 (2014: \$800,000), all mature within 60 days of balance date.

The weighted average rate of interest to which the Company was exposed on its cash assets as at the year end was 2.08% (2014: 3.27%).

The table below summarises the sensitivity of the Company's cash assets to interest rate risk. The Company has no interest rate risk associated with any of its other financial assets or liabilities. This analysis includes the effect of a 0.5% decline and 0.5% increase in interest rates as recent Australian Treasury announcements and press reports would indicate movement in interest rates of this magnitude to be possible over the next 12 months.

	Carrying amount of cash assets		Effect of decrease or increase of interest rate on Post tax profit			
			Equity			
	2015	2014	2015	2014	2015	2014
	\$	\$	\$	\$	\$	\$
Cash & cash equivalents	532,112	931,197

+ 0.5%			2,661	4,656	2,661	4,656

(d) Capital risk management

The Company's objective in managing capital, which consists of equity capital and reserves less accumulated losses to date, is to safeguard its ability to continue as a going concern, so that it can continue to explore for minerals with the ultimate objective of providing returns for shareholders whilst maintaining an optimal capital structure to reduce the cost of capital. In order to maintain or adjust the capital structure, the Company may issue new shares, sell assets, or farm out joint venture interests in its projects.

NOTE 22 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting policies adopted in the preparation of the financial statements that relate specifically to matters dealt with in the preceding notes, are set out in the relevant notes. The more general accounting policies not already set out above, are listed below. These policies have been consistently applied to all the years presented unless otherwise stated.

Red Hill Iron Limited is a public company, incorporated and domiciled in Australia and listed on the Australian Securities Exchange ("ASX").

The Company is a for-profit entity for the purpose of applying these standards.

(a) Basis of preparation

These general-purpose financial statements have been prepared in accordance with Australian Accounting Standards and Interpretations issued by the Australian Accounting Standards Board ("AASB") and the Corporations Act 2001, as appropriate for for-profit oriented entities. These financial statements also comply with International Financial Reporting Standards as issued by the International Accounting Board ("IASB").

Reporting Basis and Conventions

These financial statements have been prepared on an accruals basis and under the historical cost convention.

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 30 JUNE 2015**

NOTE 22 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

(b) Impairment of assets

At each reporting date, the Company reviews the carrying values of its tangible and intangible assets to determine whether there is any objective evidence that those assets have been impaired. If such an indication exists, the recoverable amount of the asset, being the higher of the asset's fair value less costs to sell and value in use, is compared to the asset's carrying value. Any excess of the asset's carrying value over its recoverable amount is expensed to profit or loss. Where it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the cash-generating unit to which the asset belongs.

(c) Financial assets and liabilities

Financial instruments are initially measured at cost on trade date, which includes transaction costs, when the related contractual rights or obligations exist. Subsequent to initial recognition these instruments are measured as set out in the relevant notes.

(d) Employee benefits

Wages and salaries, annual leave and sick leave

Liabilities for wages and salaries, including non-monetary benefits, annual leave and accumulating sick leave expected to be settled within 12 months of the reporting date are recognised in other payables in respect of employees' services up to the reporting date and are measured at the amounts expected to be paid when the liabilities are settled.

Retirement benefits obligations

Contributions are made by the Company to employee superannuation funds and are charged as expenses when incurred.

(e) Goods and services tax ("GST")

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Tax Office. In these circumstances the GST is recognised as part of the cost of acquisition of the asset or as part of an item of the expense. Receivables and payables in the Statement of Financial Position are shown inclusive of GST. The net amount of GST recoverable from, or payable to, the Australian Taxation Office is included with other receivables or payables in the Statement of Financial Position. Cash flows are presented in the Statement of Cash Flows on a gross basis, except for the GST component of investing and financing activities, which are disclosed as operating cash flows.

(f) Accounting standards and interpretations

New accounting standards adopted

New Australian Accounting Standards that are mandatory for the first time in the current financial year have been adopted in the preparation of the financial statement at reporting date, as shown in the table below:

Reference and title	Nature of change to accounting policy and impact on initial application	Application date
Interpretation 21 Levies	Clarifies the circumstances under which a liability to pay a levy imposed by a government should be recognised, and whether that liability should be recognised in full at a specific date or progressively over a period of time. The Company is not liable to pay any government levies so there is no impact on the financial statements.	1 July 2014

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 30 JUNE 2015**
NOTE 22 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)
New accounting standards and interpretations not yet adopted

The following Australian Accounting Standards have been issued and/or amended and are applicable to the Company but are not yet effective. They have not been adopted in the preparation of the financial statements at reporting date. The application date of the standard is for the annual reporting periods beginning on or after the date shown in the table below:

Reference and title	Nature of change to accounting policy and impact on initial application	Application date
AASB 9 Financial Instruments	Amends the requirement for classification and measurement of financial assets. The available-for-sale and held-to-maturity categories of financial assets in AASB 139 have been eliminated. Upon adoption, the Company's financial assets classified as available-for-sale will be reclassified into the fair value through profit and loss category. The cumulative fair value changes in the available-for-sale reserve will be reclassified into retained earnings and subsequent fair value changes recognised in profit and loss. The Company does not have any financial liabilities measured at fair value through profit or loss.	1 July 2018
AASB 15 Revenue from contracts with customers	Revenue will be recognised when control of goods or services is transferred, rather than on transfer of risks and rewards as is currently the case under IAS 18 Revenue. Due to the recent release of this standard, the entity has not yet made a detailed assessment of the impact of this standard.	1 July 2018

**DIRECTORS' DECLARATION
FOR THE YEAR ENDED 30 JUNE 2015**

The directors of the Company declare that:

1. The financial statements, comprising the Statement of Profit or Loss and Other Comprehensive Income, Statement of Financial Position, Statement of Cash Flows, Statement of Changes in Equity and accompanying notes, are in accordance with the *Corporations Act 2001* and:
 - (a) comply with Accounting Standards and the *Corporations Regulations 2001*; and
 - (b) give a true and fair view of the financial position as at 30 June 2015 and of the performance for the year ended on that date of the Company.
2. In the directors' opinion, there are reasonable grounds to believe that the Company will be able to pay its debts as and when they become due and payable.
3. The directors have been given the declarations by the chief executive officer and chief financial officer required by Section 295A of the *Corporations Act 2001*.
4. The Company has included in the notes to the financial statements an explicit and unreserved statement of compliance with International Financial Reporting Standards.

This declaration is made in accordance with a resolution of the directors on 3 September 2015 and is signed for and on behalf of the directors by:

Mr N Tomkinson

Chairman

Perth, 3 September 2015

INDEPENDENT AUDITOR'S REPORT

To the members of Red Hill Iron Limited

Report on the Financial Report

We have audited the accompanying financial report of Red Hill Iron Limited, which comprises the statement of financial position as at 30 June 2015, the statement of profit or loss and other comprehensive income, statement of changes in equity and statement of cash flows for the year then ended, notes comprising a summary of significant accounting policies and other explanatory information, and the directors' declaration.

Directors' Responsibility for the Financial Report

The directors of the company are responsible for the preparation of the financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error. In Note 22(a), the directors also state, in accordance with Accounting Standard AASB 101 *Presentation of Financial Statements*, that the financial statements comply with *International Financial Reporting Standards*.

Auditor's Responsibility

Our responsibility is to express an opinion on the financial report based on our audit. We conducted our audit in accordance with Australian Auditing Standards. Those standards require that we comply with relevant ethical requirements relating to audit engagements and plan and perform the audit to obtain reasonable assurance about whether the financial report is free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial report. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial report, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the company's preparation of the financial report that gives a true and fair view in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the company's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the directors, as well as evaluating the overall presentation of the financial report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Independence

In conducting our audit, we have complied with the independence requirements of the *Corporations Act 2001*. We confirm that the independence declaration required by the *Corporations Act 2001*, which has been given to the directors of Red Hill Iron Limited, would be in the same terms if given to the directors as at the time of this auditor's report.

Opinion

In our opinion:

- (a) the financial report of Red Hill Iron Limited is in accordance with the *Corporations Act 2001*, including:
 - (i) giving a true and fair view of the company's financial position as at 30 June 2015 and of its performance for the year ended on that date; and
 - (ii) complying with Australian Accounting Standards and the *Corporations Regulations 2001*; and
- (b) the financial report also complies with *International Financial Reporting Standards* as disclosed in Note 22(a).

Report on the Remuneration Report
